

Chalfont Park Canoe Club

Corona Virus Action Plan

1. All Members to inform in advance by posting on the on line noticeboard that they are planning on attending the club on any particular day.
2. All members to carry and use their own hand sanitiser with them on every visit to Hambleden.
3. Each time you open or close the access road gate, the padlock on the hut gate or the keypad or door handle on the hut door use hand sanitiser BEFORE and AFTER either opening or closing them.
4. The Hut can now be used subject to social distancing guidelines with a max occupancy of 6 people. The floor has been marked with 2M spacing, please do not move or add further chairs.
5. All cars to be parked to allow a minimum of 2M clear space for members to change if they choose not to use the hut.
6. Social distancing is to be kept at all times between members, the public and lock staff.
7. It is not possible to keep to the social distancing guidelines on the catwalk so we suggest avoiding it.
8. If using the air bottle one person only to collect and adjust the ramps if necessary. Hand sanitiser to be used before and after opening the gate and adjusting the ramps. The same person to collect the bottle at the end of paddling.
9. Any member showing or developing symptoms should inform the club and also must keep away from the club.
10. Any member who is self isolating as someone in their household has symptoms or has been diagnosed with COVID 19 should inform the club and also must keep away from the club.
11. Any member who has been identified as being in an "at risk" or "shielding" group is recommended not to attend the club.
12. Any member who has visited a country on the FCO COVID 19 travel guidance list must comply with the guidance and also keep away from the club during the self isolation on return period.
13. The above applies if paddling from the paddock or at the weir.
