

Stafford & Stone Canoe Club

Affiliated to the British Canoe Union

British Open and Youth Championships, Llangollen, 1984.

The results of the competition are given below. As well as the individuals and groups noted under acknowledgements the club would like to thank the mass of individuals, far too numerous to list here, whose efforts and hard work guaranteed the success of the event. Most of the competitors must figure in this group, for discharging their judging duties cheerfully and promptly. A small number do not appear to have fulfilled this obligation. Those concerned will find a note at the head of these results. If a satisfactory explanation is not submitted to the organiser by November 10th. executive will be informed and results will be de-ranked. It is also very unlikely that Stafford and Stone would accept entries from these paddlers for future events.

Stafford and Stone Canoe Club Star Trophy

The seventh mini-slalom series will be held during early 1985. Local clubs will be notified of the details before Christmas and usual arrangements apply. Briefly, slalom competitors of all abilities enter the same event. A handicap system based on ranking status operates. There are three events and prizes are awarded for each. The main competition, however, is for the Star Trophy. The winner is the paddler with the best six amalgamated scores. S.A.E. for details.
